

Tillsonburg Family Physicians

#4 - 594 Broadway
Tillsonburg, Ontario N4G 5K9

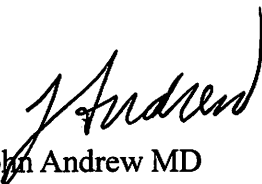

Dear Patient,

As family doctors, it has been our pleasure to help you with all of your health care needs. We continue to strive to provide you with the best medical care possible. As you may know, while most medical services are covered by OHIP, some services are not. This means that the government does not compensate us for providing these time-consuming services. Examples of these uninsured services can include prescriptions provided without seeing the doctor, completion of insurance forms, providing sick notes and back to work notes. A list of such services and their fees are on display in the office.

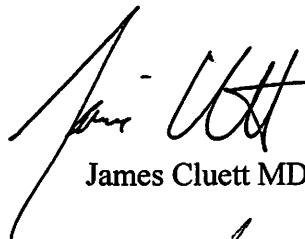

In order to maintain the highest possible standard of care, it is our office policy to charge for uninsured services in accordance with the guidelines recommended by the Ontario Medical Association. While you can choose to pay for individual uninsured services on a "Pay-Per-Service" basis, you have the option of Extended Coverage. If you sign up, you would be covered for an entire year of use of the most common uninsured services, including prescriptions provided without seeing the doctor and sick notes. This will save you the inconvenience of dealing with bills for individual services and, more importantly, reduce your costs.

To receive Extended Coverage please complete the form on the back of this page and return it to our office.

With best wishes,

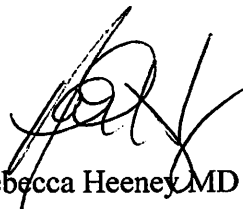

John Andrew MD

James Cluett MD

Anand Sohla MD

Rebecca Heeney MD

Extended Coverage

If you do not wish to pay for uninsured services one-by-one, choose the Extended Coverage Plan that best suits your needs, and be covered for an entire year
